

CUSTOM METAL Gutter Products

Funnels, Form Fit

Compare regular 2-3/8" outlet to the Wide Mouth Fast Flow opening

Sold by the piece

Funnel, Form Fit

- Like a river without a log jam, **let the water and debris flow from the gutter**
- High back slips behind gutter allowing screws to connect gutter, funnel and fascia board
- Easy to install – cut a big hole and let everything flow into the downpipe.
- Install **Drain Guards** lower on the downpipe and catch all leaves and debris.
- If no underground drain tiles, let the leaves and debris flow out on the ground.
- (Easier to pick up on the ground than from a ladder on the roof)

Available to fit 5K, 6K, 7K Gutter and Fascia Gutters

Matched for the following profiles of downpipe;

- 2x3
- 2-58" Sq
- 3x3 Sq
- 3x4

Always recommended

- Use **Funnels, Wide Mouth Fast Flow** or **Form Fit** with **Gutter Sentry** along with the **Drain Guards** or **Pipe Guards** for your Rainwear System !!

Keeps the underground drain tiles clear and clean from a clogging mess.
